ENIS POPOVIQ
WEB DEVELOPER INTERN

+382 69 448 164 | ep3046@g.rit.edu | https://www.linkedin.com/in/enis-popoviq/ | Prishtina, Kosovo

Summary

I'm a Frontend Developer with a solid understanding of HTML, CSS, JavaScript, React and Bootstrap. Currently, creating clean, and responsive websites and studying Computing and Information Technologies at RIT Kosovo. Most of my knowledge comes from hands-on projects and self-learning.

With a background in sales, I see opportunities to make websites more engaging and drive business success. Currently, I'm focused on opportunities that involve web development and finding amazing new ways to create better digital experiences.
